## PROFILE

Experienced Frontend Developer with a decade in developing and testing responsive web and mobile applications. Expertise in utilizing modern JavaScript frameworks such as React and React Native to drive performance improvements and elevate user experiences. A strong collaborator, adept at working with cross-functional teams to deliver innovative features and maintain high-quality standards through automated testing frameworks. Committed to developing efficient and scalable software solutions that meet user needs and exceed expectations.

## EMPLOYMENT HISTORY

### Software Engineer in Test (SDET) at Masterworks, New York, NY

Oct 2021 — Jun 2025

- Spearheaded the optimization of the React Native mobile app for both iOS and Android, enhancing performance and improving user experience.
- Collaborated closely with cross-functional teams to implement new features, focusing on responsive design and seamless integration with backend services.
- Developed and maintained automated testing frameworks to ensure the highest level of software quality.

### QA Engineer at Volo Sports, Boston, MA

Jul 2021 — Oct 2021

- Enhanced web development processes through automation, improving deployment efficiency and application quality. Developed and maintained automated testing frameworks using Cypress.

### Full Stack Web Developer at Local Wisdom, Lambertville, NJ

May 2019 — Jan 2021

- Spearheaded technical development of custom WordPress themes, emphasizing responsive design and cross-browser compatibility. Collaborated with cross-functional teams to integrate user feedback.
- Optimized code for performance and scalability across various platforms.

### Full Stack Web Developer at MediaCutlet, Red Bank, NJ

Feb 2019 — Jul 2021

- Developed and maintained full-stack web applications using PHP and JavaScript frameworks, enhancing user experiences.
- Integrated responsive design principles to optimize web applications for various devices and browsers.

## EDUCATION

### Certificate in Web Development, Rutgers University

2016
